Your guide to a comprehensive cash solution

January 2023

Issuer

Specialised Private Capital Ltd

ABN 87 095 773 390

AFSL 246744

How it works:

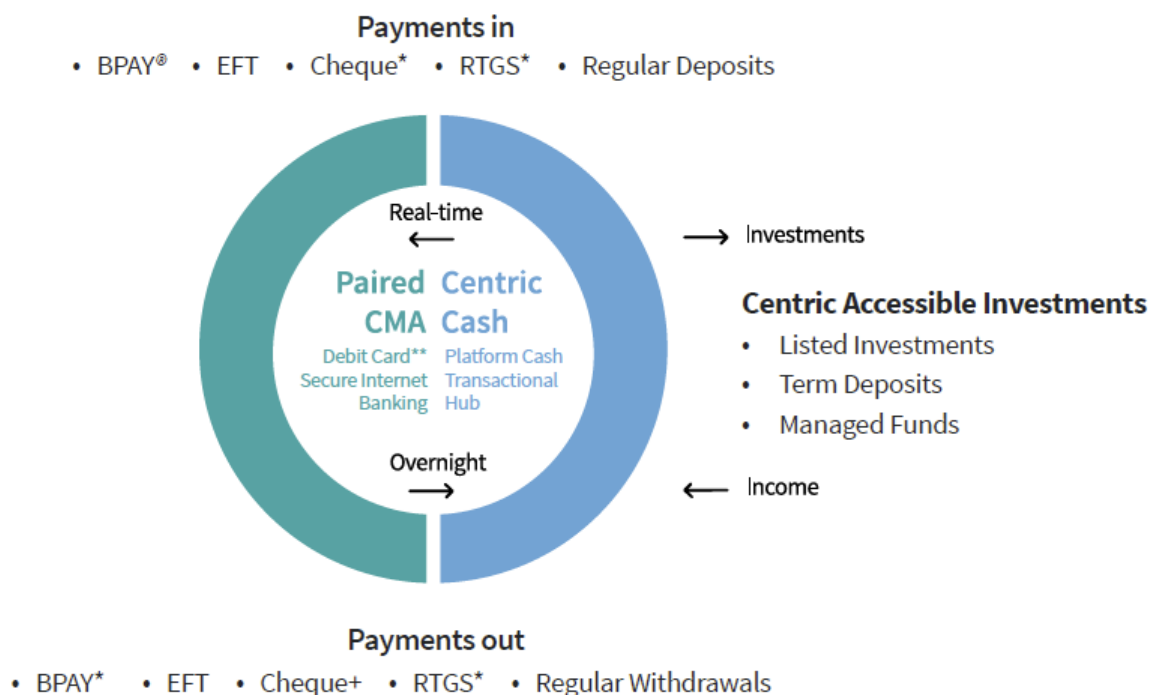

The Centric Platform IDPS (Centric IDPS) provides you with the flexibility to manage both your investment transactions and your personal banking through one consolidated solution.

Our approach allows for your platform cash (Centric Cash) to be linked with a paired cash management account (the V2 PLUS, Paired CMA).

By pairing these two accounts you'll have the flexibility to move cash on and off platform easily and quickly, with transfers in and out made directly from the Centric IDPS.

You'll have the ability to use funds for both investments and personal transactions, giving you a comprehensive cash solution.
